ON-GOING 10,000...

We are in a continuing process to improve the readership of your Herald pages. And in this edition we are introducing a wider column and fewer of them in larger type face on inside pages.

Herald staffers would appreciate comment such as we've been getting on this attempt at better readability. We seek that point whereby type is large enough for everyone to read, but compact enough to get thorough news coverage of the Milam area in each edition.

We shall do more in time lapse and color photography, pro-and-con coverage of basic issues which emerge in the continuing development of Cameron and Milam area, the elements readers anywhere deserve to see and read in their newspapers.

One of the motivating forces for constant Herald experimentation, undertaking new ideas from young people in that Cameron is uniquely located in terms of dailies in this state.

If you check area newsstands, you will see the product of dailies in Temple, Waco, Austin, Dallas, Houston and a few others at times. These exact a requirement for your Herald to be a professional publication in content and appearance by mere fact of comparison.

This is why Herolds go on newsstands in parts of five counties as well as go through the mails. This is why your Herald distribution base allows advertisers to reach more than 10,000 households on call, the broadest base circulation between Bryan and Temple, Waco and whatever point to our south.

We undertake unique things because, frankly, it is what it takes to operate a regional non-daily. And there are few of those.

If it were not for the historic support of the Cameron community, this effort would be difficult enough, but that support for this 118-year-old paper, both young and old, is quite real and quite appreciated.

Thus the continuing efforts for better print, better pictures, better content.

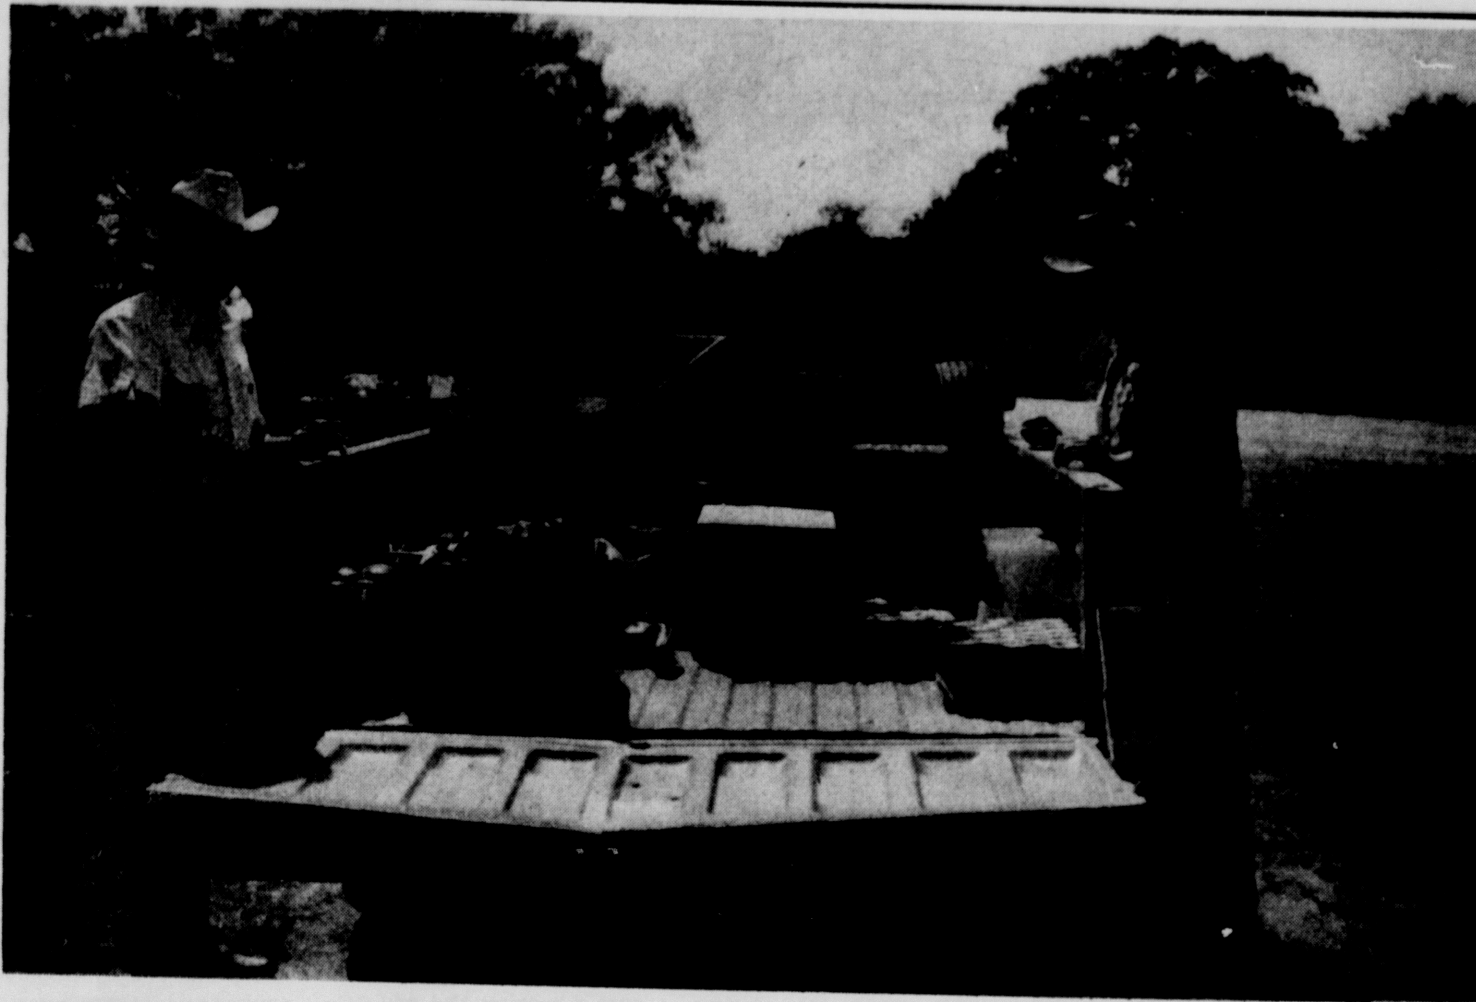

We think your Herald does these things because of a mix of youth and experience which keeps a creative interplay going between the public and the presswork. A heavy percentage, though not a majority, is college age. Another heavy percentage, though not a majority, is in the mature, productive years.

So improving readership, constantly modifying and adjusting are part of our job. And from the way people respond to what your Herald does, it is a working combination.

And we enjoy making it work.

Folk Fete, Inc. Finances In Good Condition

A Folk Fete, Inc. financial report released to stockholders this week showed a profit made on the sale of beer and soft drinks at the 1977 Fete, and a loss on the queen contest. All in all, a larger profit this year will be shown when final expenses are paid.

Total cash on hand July 18 was \$5,136.67, with expenses for ice used and payment to the Fiesta Association for use of the Fiesta Grounds still to be paid. Income for the Fete totaled \$10,279.98, which included \$3,762.10 for admissions; \$3,512.43 for beer and ice; \$1,550.70 for soft drinks and popcorn; \$600 for food and game booth rentals; \$480 for for arts and crafts booth rentals; \$116.60 for kiddie rides; and \$258.15 for queen contest.

Expenses shown include \$2,372.40 for beer and soft drinks; \$1,410 for bands; \$327.35, queen contest; \$550, tables and chairs; \$77.16, parade; \$932.88, sanitation, clean-up labor, etc.; \$120, security; \$579.10, advertising and publicity; \$245.80, electrical service; \$42.36; postage; \$314.59, supplies and decorations; and \$200, Boy Scouts and Yoe band.

Folk Fete showed a balance in its checking account of \$3,886.37 on July 18. Proceeds from the 1977 Fete totaled \$3,108.34.

Somerville Sets Firemen's Frolic

The Somerville Volunteer Fire Department's annual Firemen's Frolic will be held Saturday, featuring a barbecue with trimmings, served from 4:30 - 6:30 p.m.

Entertainment will be by a local group and a dance starting at 8 will feature the Country Five of Giddings.

Meal tickets are \$3 for adults and children under 12 \$1.75. Dance tickets are \$5 a couple.

Sheriff's Office Clears Rash Of Burglaries

Milam County Sheriff Leroy Broadus reports that his department has cleared up a rash of burglaries committed in the county since January, and three men are in custody on burglary charges.

A pickup truck was needed to haul off the recovered items from an old house in Minerva, entered on a search warrant, the sheriff said.

Arrested and charged with burglary were James Sanders of Minerva, who owned the house; Gary Earley of Rockdale and Robert Ed Homan also of Rockdale. Bond was set at \$10,000 for each.

The action cleared up burglaries of Hill's Steak House in Buckholts, an Exxon station in Buckholts,

German Folk Dancers Going To Festival

The Cameron German Folk Dancers will again attract statewide attention as part of the Texas Folklife Festival, August 4-7 in San Antonio.

"The group takes pride in being entertaining and authentic," said coordinator Charles W. Kunz.

After extensive research, the ladies in the dance troupe hand sewed the traditional German costumes, complete with bordered aprons and suspenders.

This is part of the sights and sounds on view at the August Festival. The Folklife Festival is a multicultural mixture of song and dances, foods, games and contests, arts and crafts and demonstrations from Texas's past.

The Festival sprawls across the 13.5 acre grounds of the The University of Texas at San Antonio's Institute of Texan Cultures, located on Hemisfair Plaza.

an Arco station in Buckholts, a Mobil station in Milano, the Hitchin' Post in Rockdale, the Q&Y Grocery in Rockdale, an auto parts store in Rockdale, and many more, Broadus said.

Sanders was arrested Saturday and Earley and Homan turned themselves in after word got out that the sheriff's department was looking for them.

"We hit the jackpot," Broadus said, explaining that tires, beer, and a stack of other stolen items were recovered in the house.

5th Fatal Accident

Pickup Plunges Into Creek Bed

Funeral service was held in Cameron Monday for a Cameron man who died early Sunday in a one-vehicle accident that was not discovered for several hours.

Griffin Burnett, 52, was killed when his pickup truck plunged off a bridge on an isolated county road near Cameron. His body was not found for several hours.

Justice of the Peace Jess Brock pronounced Burnett dead at the scene about 7:30 a.m. Sunday. DPS Trooper Jerry Benson said the accident occurred on Milam County Road 230 about four miles east of Cameron.

Benson said Burnett's pickup truck went off a narrow wooden bridge, fell into a dry creek bed, then smashed into an embankment on the opposite side of the creek bed. Burnett was alone in the pickup, Benson said.

Burnett's body was found in the pickup at about 7 a.m. by a passerby and Benson said the accident probably occurred at about 2 a.m.

Funeral for Burnett was at 4 p.m. Monday at First Presbyterian Church with Rev. Ernest Hensley officiating. Burial was in the Marlow Cemetery.

Flea Market Set For Buyers, Sellers

Expansion of a Saturday flea market in the Youth Exposition building in Cameron is a sure thing, as news of it goes out to the Central Texas area.

The first flea market was held last Saturday with 12 selling stalls, and at least 150 or more customers flocked to the building Saturday. Sellers included one from Temple, one from Marlin, and an Oklahoma man enroute to California.

The flea market is open all day, starting at 8 a.m. There is lots of room and

the building is clean and cool. Spaces are \$2 each, and persons who plan a garage sale are invited to come and bring their items for more customers.

The farmers market is also still open, though selling mostly peaches, watermelons and canteloupes now.

A special feature of the market is the chance to buy fresh homemade pastries, fresh farm eggs, and home made bread.

Sellers are also invited to bring jams, jellies and pickles to sell.

Funds Hold CISD Tax Line...

The CISD gained about \$200,000 in State Foundation funding following enactment of the Legislature's new 1977 school finance tax bill.

School Supt. Buddy Dulin noted it was good news for the district which like so many others across the state would have faced an increase this year.

Considering the cost factors of schools and any other function of government or the private sector, CISD is indeed fortunate to gain this edge to pay the Foundation program costs of \$1-248,300.

The gain amounts to almost

20 per cent increase in state funds, which outdistances some of the inflation factors nagging at government at all levels.

The Texas Legislature voted what amounts to a billion-dollar program for state schools.

The funds include teacher salary increases, 7.1 per cent more for transportation, higher utility and other general increasing costs.

Whatever, it is good news for town and approximately one-third of the county that schools gained without local taxing authority having to make up the difference.

In Milam Area's Behalf...

Summer is entering its second half and a lot of students are already anticipating return to public school, technical or college courses this fall.

Indeed, a number of students at your Herald will be continuing their education, either parttime or fulltime. Students returning to campus will include photographer Mike Peck who is entering Southwest Texas State this fall, Randy Miller who is

returning to courses at Texas State Technical Institute, Will Porubsky and David Burnett who are studying at Temple Junior College.

Terry Tindall and Thomas Michalka will return to classes at Yoe High School, Cameron.

These students are a productive part of the Herald's staff, learning while doing what is often excellent work in the Milam area's behalf.

Special Session Now History

The legislature's brief special session is now history.

In the nine-day meeting, lawmakers logged these accomplishments in response to subject matter submitted by Gov. Dolph Briscoe.

Passed a \$945.4 million public school finance bill, which provides more aid to local districts and raises teachers' pay.

—Provided tougher controls over nursing homes and ordered prison sentences for employees who deliberately mistreat and injure patients.

—Voted standby authority for the state to finance an offshore oil unloading terminal through revenue bonds if a privately-financed superport plan folds.

—Amended the law to permit coastal counties to participate in a federal flood-plan insurance program, though they hadn't agreed to join before June, 1970.

—Guarantees that bonds and other debts of state agencies will be paid in full.

The special session was called by Briscoe after lawmakers failed to agree on a school finance plan in regular session.

The governor later expanded the agenda to in-

clude the other subjects but firmly turned down a long list of requests to broaden the special session assignments further.

City Tax Boosts

City sales tax rebates are 20.3 per cent ahead of last year.

Comptroller Bob Bullock said his office mailed checks totalling \$23.6 million to 868 cities as their July share of the one per cent local sales tax levies.

The July checks raise to \$190.7 million the total income to the cities from the levy for the first seven months of the year. The figure compares with \$158.6 million for the same period last year.

Bullock said the increase is another sign of the strength of the Texas economy, since state sales tax collections in Texas are showing a bigger percentage gain than those of any other state.

Insurance Rates Studied

Insurance companies want to raise auto increase rates on private passenger cars 11.3 per cent, but an actuary said there is a chance the hike can be held below the 7.3 per cent level recommended by the Insurance Board staff.

The actuary said actual company expenses are be-

low the figures used in a staff formula.

Rates were raised 7.1 per cent in October and 15.5 per cent 10 months earlier.

The Insurance Board will hear testimony at an August 2 hearing and will set new rates effective with policies written or renewed about November 1.

Courts Speak

A federal judge in Austin found unconstitutional Texas' reliance on real property taxation alone to finance its public schools. However, he did not halt distribution of school funds under the present system.

The State Supreme Court has taken under study an Austin Court of Civil Appeals ruling invalidating a contract made by a widow before her marriage waiving the customary homestead rights. Heirs

of a 72-year-old man sought to oust the widow from the couple's home.

The high court rejected a \$600,000 damage suit brought by a Kountze publisher and county employee against a county commissioner who injured him in anger at a news story.

A former Safeway employee won permission through the supreme court to obtain documents she needed in a workmen's compensation suit claiming fumes from plastic wrappings caused her to get lung cancer.

AG Opinions

Records of the Department of Public Welfare relating to mistreatment of a nursing home resident who is a medical assistance recipient are excepted from public disclosure, Atty. John Hill said.

columnists have missed the boat. For example, how many agricultural experts do you know who could make a living farming? How many economists have you heard of who got so smart about predicting economic trends that they went into the stock market on their own and got rich? How many weather forecasters have been caught in a rain without an umbrella? How many Congressmen can write a bill without the help of their hired staff? How many politicians can write their own speeches? How many school administrators can speak correct English? Is Jimmy the Greek willing to bet his money on all the odds he's always giving out? Can the presidents of the big car companies make a car the muffler won't fall off? How many philosophers can follow their own philosophy, if they've figured out what it is? How many parents would be comfortable if they thought their kids were going to do everything they did when they were young? Or even now? How many editors...I'm running out of space.

Sure, Bert Lances' personal financial statement shows liabilities of over 5 million dollars and assets of nearly 8 million, for a net worth on paper if nothing goes wrong of 2 1/2 million, and while

that's a lot of debt and may be a little shaky, have you ever stopped to think what the federal government's financial statement would look like?

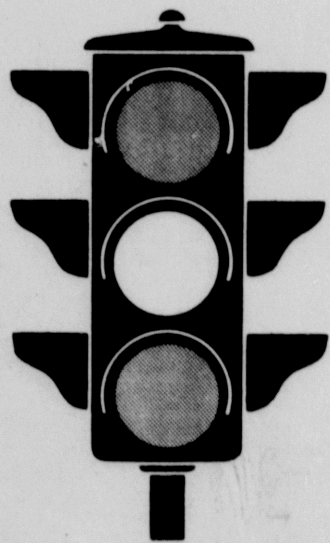

Personally, I don't believe I want to know and I doubt if you do. No sense in all of us losing sleep.

Yours faithfully,
J.A.

Alert to Parents!

When we ask you to please recognize the signs of cystic fibrosis and other lung-damaging diseases, we're not trying to alarm you.

Look at it this way. If your child does NOT have C/F or another serious lung-damaging disease, he has nothing to lose by checking with a doctor, or taking a simple diagnostic test.

If your child DOES have C/F, or another condition that could damage his lungs, he has a lot to lose by not having the chance for early diagnosis and prompt effective medical care.

So, when you look at it like that...we hope you'll look at this and learn the following:

SIGNS OF LUNG-DAMAGING DISEASE

1. Recurrent wheezing
2. Persistent coughing/excessive mucus
3. Pneumonia more than once
4. Excessive appetite/poor weight gain
5. Clubbing (enlargement of fingertips)

Cystic fibrosis signs also may include: salty taste of the skin; persistent, bulky diarrhea; nasal polyps.

Natural gas does far more than heat your home!

GAS FIRES THE BRICK THAT OUR CONSTRUCTION INDUSTRY WILL NEED TO BUILD A STRONGER ECONOMY.

As the building industry goes, so goes much of our economy. And the benefits of construction starts are all the greater when locally manufactured materials are used. Because more of the money stays at home to create more jobs.

Brick manufacturers in the Lone Star service area employ more than 10,000 people in making, distributing and selling brick. Many of these jobs depend directly on natural gas as the most efficient and economical source of heat for firing the brick.

Temperatures in the kilns run as high as 2,600 degrees F. the year around,

and this takes a lot of gas. Brick plants served by Lone Star require more than 1.6 billion cubic feet annually. Now, with so many jobs at stake in this one industry alone, future gas supplies must be considered.

It's time to build job security.

Vast basins of natural gas, yet untapped, are crossed by Lone Star's pipeline system. A fact that puts Lone Star in one of the most favorable buying positions of any gas company. But, with steadily rising prices, the new gas will be expensive.

The risk is that companies in energy-short areas of the nation could wind up with the lion's share of these reserves as they are developed.

Buying enough gas to last this area far into the 21st century adds up to one inescapable fact. Both you and Lone Star will have bigger gas bills, because Lone Star cannot make the purchases without a fair return on the necessary investment.

But we're ready to invest in this area's future. If you are.

Lone Star Gas Company
Working energetically for your area's future.

Arsenic Acid Reported In Short Supply

By: Bill McCutchen

Cotton desiccant shortage a reality -- for some time I have heard rumors of arsenic acid shortage and now it is no longer a rumor but a fact.

Both arsenic acid and sodium chlorate will be in short supply, competitive use of these chemicals from other industries and the movement of arsenic trioxide, the raw material used in manufacturing arsenic acid, is being interrupted by Labor union strikes.

It is essential that producers stretch the acid as far as possible and still do an effective job of desiccating. The 1 1/2 to 2 qt. rate.

Bob Metzger, cotton specialist, lists these pointers in improving desiccation:

1. Increase droplet size by using higher gallonage of total spray (15 to 20 g.p.a.) and lower pressure (20-30psi).
2. Improve coverage by placing rigid drops on booms and using larger spray volumes. Use 3 nozzles per row if cotton is less than 24-inches tall and use 5

nozzles in cotton over 24 inches.

3. Apply defoliation treatment prior to desiccation in very leafy or rank cotton. By first removing the top leaves allows better spray penetration and coverage of the remaining leaves. This practice permits better coverage of secondary growth to reduce the need for a second application with a desiccant.

4. To reduce secondary growth problems, try to treat when soil moisture is relatively low but before severe plant moisture stress is encountered.

5. Try to treat under warm, sunny weather conditions. Avoid applications during windy conditions.

6. Acreage treated should be related to harvesting rate.

Currently, Paraquat and Arsenic Acid are the two desiccants labeled for cotton. The true defoliant labeled for cotton include sodium chlorate, sodium cacodylate (bolls-eye) and the organic phosphate compounds, Def-6 and Polex.

Hay making has been active in some parts of Texas where the rains have fallen while in other sections, producers are waiting for moisture to boost grass growth.

Some good quality hay has been made to this point, and no doubt, more will be made in the coming months. And producers should keep the 1977 State Hay Show in mind when harvesting this year's crop.

The State Hay Show is set for Nov. 5 at the Municipal Coliseum Stock Barns in Austin, and provides an opportunity for all producers in various classes of hay.

"We hope to have a good show this year and to have a lot of entries from throughout the state," said Verlin Callahan, Austin businessman and chairman of the show. "We had some 250 entries in the show last year and hope to surpass that total this year."

Screwworm Count

Goes Down In June

In the wake of the best June the screwworm program has ever seen in Texas it's not improbable that things may get even better.

"It depends in large measure on the weather," says Dr. James Novy, assistant veterinarian in charge of the USDA Screwworm Eradication Program. Hot, dry July days will discourage earticks, one of the principal contributors to mid-summer screwworm infestations, he pointed out.

However, if July turns out to be a constant deluge as a year ago "all bets are off," the program official noted.

In some South Texas counties, up to 90 per cent of all screwworm cases are found in the ears of cattle during the July-September period when eartick feeding is most intense.

Big Round Bales - Handle With Care

CHICAGO—The National Safety Council reports that large round balers are proving to be useful additions to farm and ranch machine sheds. However, the Council continues to receive accident accounts such as the following:

A Kentucky farmer was permanently crippled when he lifted a big round bale too high with his front-end loader. The bale rolled down the arms of the loader and crushed him. A round bale weighs upwards of 800 to 1500 pounds.

An Iowa farmer lost one arm and mutilated the other when he attempted to clear the clogged intake of a big round baler while it was operating.

A Missouri farmer watching the discharge of bales was killed when the machine operator failed to notice him inspecting the machine and lowered the rear gates of the big round baler.

An Iowa farmer transporting a big round heavy bale with a small tractor and front-end loader lost his life when his rig upset and caught on fire.

These tragedies and others could have been prevented, says the Council, if the victims had observed a few basic safety precautions:

- When possible, use a rear-mounted bale transport device
- Keep the load low and the speed slow if a front-end loader is used to transport heavy round bales

■ Ballast the rear of the tractor to improve traction and stability when using a front-mounted loader

■ Don't raise the bale high enough on a front-end loader to see underneath

■ Watch for bystanders when operating baler gates

- Stay away from moving parts
- Shut off power before servicing or unclogging machinery

- Keep all shields and safety guards in place
- Discharge bales on level ground, whenever possible, to prevent rolling

- If necessary to operate a front-end loader on a slope, head uphill when carrying a big bale.

The National Safety Council, based in Chicago, is a nongovernmental, nonprofit public service organization dedicated to safety education and the development and implementation of accident prevention programs reaching every segment of American life.

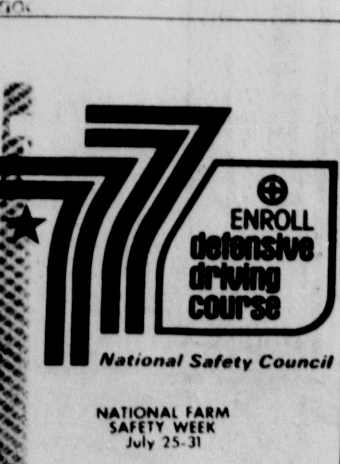

White Lauded By State Ag Departments

Members of the Southern Association of State Departments of Agriculture (SASDA) honored former Texas Commissioner of Agriculture John C. White during last month's session in Williamsburg, Va.

White, who now serves as Deputy Secretary for the United States Dept. of Agriculture, was lauded by his former associates as "a close personal friend of Southern agriculture and a leader in formulating its activities regionally and nationally."

Also attending the meeting was Texas Commissioner of Agriculture Reagan V. Brown, who took the opportunity to confer with his predecessor on problems with the current U.S. farm bill.

White expressed continuing support for the improvement of agriculture and rural America at the gathering of representatives from 18 southern states.

Mushrooms Can Poison The Unwary

Wild mushrooms continue to kill - last year, 21 Americans, warns Mary K. Swetten, foods and nutrition specialist with the Texas Agricultural Extension Service.

These are the seven groups of mushroom poisonings: cyclopeptide, ibotenic acid, muscarine, hallucinogenic, indoles, gyromitrin, antabuse-like activity and gastro-intestinal. Each type of poisoning produces a specific set of symptoms which follow the ingestion of certain types of mushrooms, the specialist says.

This warning: Do NOT eat a wild mushroom from an unknown source.

Also, do not rely on the so-called "silver spoon" test - it proves nothing the specialist cautions, and last year alone, it cost several lives.

This "mushroom myth" holds that if a silver spoon is placed in contact with a harmful poison, the spoon will turn black.

Denim Gets Good Marks In School

Denim is "getting good marks" in school, on the fashion front-and world-wide according to Mrs. Betty Culp, area clothing specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

In a recent survey of college women, three-fourths said they wear denim more than half the time because of its practicality and comfort, Mrs. Culp said.

Denim production has increased two and a half times in the past decade-and, as one of the nation's leading exports, it has become an American symbol world-wide, she added.

Looking at denim's place in fashion, the specialist said versatility describes it best.

Its two-tone diagonal weave-and its traditional indigo color-appear in a wide variety of other "denim-looking" fabrics from lightweight knits to sheers to corduroy.

Newest fashion looks for denim are brushed for surface interest and patterned in ticking stripes.

Denim-like belts, bags, shoes, hats and even buttons also are available to complete the picture-or add a denim touch, the specialist said.

"Real" denim fabrics are a sturdy twill weave in all-cotton or a blend of 65 or 50 per cent cotton-and polyester. Other denim-like fabrics and products are made from almost any fiber or fabric construction, she explained.

Historic houses

AUSTIN, Texas (Spl.) - Hasty restoration of historic buildings is a no-no, says Wayne Bell, a restoration architect from The University of Texas.

Historic houses can lose their significance and appeal if restoration proceeds without adequate research and documentation, he says. Mr. Bell is training students in those skills this summer at an institute at UT's Windale Museum in Fayette County.

The students are learning to measure 19th Century structures, draw elevations of window treatments and wall decorations; scour tax, deed and census records, and interview the former occupants of homes or their descendants.

GAUSE NOTES

By Mrs. Wanda Lee

Jean and Bill Gause have recently returned from a two weeks' vacation trip covering an area from the Great Lakes, Canada and all the Eastern Seaboard, Middle Atlantic and Southern States back to the Gulf Coast and home. They went through New York City a few hours before the blackout. High points of interest were: Nashville, Tennessee; Niagara Falls, Ontario; Montreal, Quebec; Montpelier, Vermont; "Montecello", home of Thomas Jefferson, in Charlottesville, Virginia; bought gasoline at Billy Carter's service station in Plains, Georgia and Pete Fountain's Buena Vista Motel in Biloxi, Mississippi. In all, they visited 24 states and two Canadian provinces.

Recent Saturday visitors with Mr. and Mrs. George Bland were Mr. and Mrs. J.W. Bland of Trinity. This past Saturday visitors with the Blands were Mr. and Mrs. Eddie Camp, Ed and Debbie and Mrs. Mary Phillips of Houston. Thursday visitors with Roah and Helen Miller were Nancy Bowling and little Russell of Dickinson. They are the wife and son of He-

len's nephew, Bob Bowling. Nancy and Russell are spending a few days with Nancy's father in Brenham.

Mrs. Tommie Cass spent last Wednesday in Milano with Edith Miller, Regian and Trent. Thursday she accompanied Mrs. Arrie Little and Eugene Foster and Mr. and Mrs. Thurman Wilson to Cedar Creek for a days visit with Mrs. Mabel Stracener.

Mrs. Rober Kindsley is home from a two weeks visit in Cleveland with her brother, Mr. and Mrs. E.W. Rutherford.

Thursday Sherri, Ray and Kevin Coats and James Rasco spent the day at Six Flags Over Texas in Arlington. They were joined by Cheryl Slay, Mrs. Sandra Carmichael and her sister-in-law, Ann Marie.

Mrs. Dixie Austin of Copperas Cove is visiting with her sister, Mrs. Vera Cox.

Mr. and Mrs. Jimmy Cass, Dwayne, Lisa and Carmen of Lexington visited Sunday afternoon with Mrs. Tommie Cass. Craig and Lance Lee went home with them for a three day visit and Lisa remained in Gause with the Lees for a visit.

Sunday, July 17 Bertha Denman and family gathered at Washington on the Brazos Park for their annual

Funeral Services were held in San Marcos Saturday for John A. Dusek, brother of Rev. Thomas Dusek, pastor of our Baptist church here in Gause.

Visiting with Mrs. Lillie Harris this past week were Mr. and Mrs. Frank D. Methis and Kep of Chicago, Ill., and Mr. and Mrs. Sam C. Harris, Jody and Robert of Houston. On Wednesday Rev. J.Q. Jones of New Baden and Obie W. Kirk of Hearne had dinner with the family. Sam and family went home with Frank and Lillian for a visit.

Everyone is invited to a bridal shower for Kay Cass Albright on Friday August, 5 at 7:30 p.m. at the Baptist Church Annex. Kay will wed Claude Lagrone on Monday, August 1st.

By Mrs. Leroy Guillote.

Col. and Mrs. H.W. Massengale of Tracy, Mrs. Lannis Petty of Sharp and Mrs. Jack Buck of Cameron spent the weekend in Houston visiting with Mr. and Mrs. David Simmers. Saturday night they all attended the performance of Lone Star, a symph-

onic drama of the history of the state of Texas. It was held in the new 1900 seat amphitheatre at Galveston Island State Park. Mr. and Mrs. Bill Roesler spent the weekend at lake Somerville with their children, Joyce and Benny Reynolds and Billy Ray Roesler of Houston.

Sunday evening Mrs. Roesler's sister, Mr. s. Joe Wicker of Slaton, accompanied by Mrs. Georgie Keoning and son Bobby of Houston visited with the Roeslers. Mrs. Wickers husband is a patient in the Santa Fe Hospital in Temple.

Miss Carolyn Stevens attended a surprise birthday party honoring Miss Debbie Finney in Rockdale Tuesday.

Robert Patterson of Arlington visited with his parents Saturday.

Gary Koehnke, stationed at the Naval Air Station, Kingsville spent the weekend with Mr. and Mrs. Leroy Guillote.

We are all getting excited over the Sharp School reunion which will take place Saturday in Rockdale at the Home Demonstration Club building. Vandalism hit a new low Friday night when gaps and gates to pastures were open letting cattle all over the Tracy highway. I don't know if who ever did this realized just how dangerous it was to folks driving at night to suddenly find cows right in front of you. A barricade usually placed on the highway when the river is out was also recently put in the middle of the highway.

Assistance Available For Utility Bills

Persons receiving SSI assistance are eligible for help in paying utility bills under a special one time program through the Hill Country Action Agency.

To qualify, the utility service must be in your name, you must be 65 years of age or older, or have a health problem, physical handicap, or other disability regardless of age.

Participation will not affect SSI payments, foods stamps or other public assistance.

Applications and instructions are available at Cameron Housing Authority beginning July 28. Copies of utility bills or official receipts should be presented. This assistance covers bills for services incurred after Oct. 1, 1976 to the present for a maximum of \$250.

Applications should be completed with proof of income and bills attached and returned as soon as possible, but no later than Aug. 15 since the program ends Aug. 31.

Because of limited funds, only a small percentage of those who apply may receive assistance.

The program is open to eligible persons in Milam County.

Speech, hearing

AUSTIN, Texas (Spl.) — Speech and hearing disorders are the most frequent handicapping conditions among children, says a University of Texas audiology specialist who advises early treatment for such disorders.

Dr. Frederick Martin says hearing loss has to be looked upon as a language disorder because it affects the development of normal speech and language patterns.

Speech patterns of a child with impaired hearing are developed late and poorly, he says. Children often are diagnosed as being emotionally disturbed or mentally retarded when actually they have language disorders that stem from hearing loss, he adds.

Gospel Singing Set On Weekend

On the week-end of Friday-Saturday-Sunday, July 29-30-31, one of the most impressive line-ups of nationally-known gospel groups ever to gather in Texas will be performing on stage at the outdoor theater at Rod Kennedy's Quiet Valley Ranch just nine miles south of Kerrville on Texas Highway 16.

A beautiful and rustic 50 acres of free parking, camp grounds, a natural amphetheater with 900 bench seats and room for plenty of lawn chairs, and good food and refreshment concessions is the site of four major summer festivals each year and this is the first year for the star-studded Kerrville Gospel Jubilee.

The stage performances will be highlighted by The Singing Christians, The Galileans, The Pat Terry Group, The Hemphills, Gov. Jimmie Davis and Anna, the Rambos, the Sullivan Family, CMA's Don Butler, The Downings, The Imperials and a reunion of the historic Chuck Wagon Gang.

In addition, regional groups will appear on the Southwestern Gospel music Showcase including The Lee Gann Quartet and Serenity from Texas, The Shilohs and The Brumfield Brothers from Oklahoma and Gabriel from Louisiana. Jubilee producer Rod Kennedy will emcee the shows and the week-end includes open time for amateur groups on stage from 10 a.m. to noon Saturday morning.

There will also be Kerrville area groups joining the Sullivan Family on Chapel Hill at the Sunday morning Brush Arbor service followed by old time tent singing for everyone led by Don Butler.

Kerrville is a resort community of about 17,000 population with more than 900 class A motel rooms plus Kerrville State Park.

Tickets are reasonably priced including a three-day family ticket for \$21 including free camping. There are group discounts for 40 or more and single day adult admission is \$5 per day (\$12 for three days), half-price for age 12-17 and under 12 free. For more information write: Gospel Box 1466, Kerrville, Texas 78028, or call (512) 896-3800 after 10 a.m. on week-days.

TRANQUILITY

Mrs. Baxter looks as if she doesn't have a care in the world. She is always perfectly groomed. Her house and her garden, with its beautiful flowers, are always just so.

She isn't trying to give a false impression; in fact, she would be horrified at the thought. But the truth is that things have not been all that easy for her. Her husband is a semi-invalid; their only son was killed in a tragic accident. She works in her husband's business three days a week, to help keep things going.

Where does she get her serenity? How has she had the courage to accept so much adversity with so much grace? A friend asked her one day, and she pointed to the tall, white steeple at the end of the street.

Many people have found their answer in the Church. Have you looked there?

Cameron, Texas, Herald, July 28, 1977 Page 9

Twenty six cars have been officially entered in the American Parts 200 at Texas World Speedway, Sunday, July 31. Only 22 cars will start the race known as the "Indy of the Southwest".

Among those entered are five Indianapolis 500 winners representing eleven victories at the famous brickyard including four time winner A.J. Foyt, Johnny Rutherford, Al Unser, Gordon Johncock and Bobby Unser.

The Indy cars will practice on Saturday afternoon, July 30. Sunday morning time trials will start at 11 a.m. and only the fastest 22 cars will get starting berths in the race scheduled for a 3:15 p.m. start.

The race will be televis-
ed nationally but blacked
out in most areas of the
state of Texas.

"We are extremely pleased at the number of cars entered in the American Parts 200," stated R.C. Conole, president of Texas World Speedway. "Time trials will

be most exciting for the fans to see who can make the race and who won't," he said.

"It's going to be a great race to see if Tom Sneva, Danny Ongais, Pancho Carter, or Johnny Parsons can beat all those Indy winners. Don't leave out Wallyallenbach or Roger McCluskey either. All those guys are great drivers and they all have good cars and run well here. You can expect several to qualify better than 200 miles per hour," he added.

Tickets for the American Parts 200 are available from major ticket outlets and from Texas World Speedway, P.O. Box AJ, College Station, Texas 77840 or by telephone 713-693-2500 with BankAmericard and Mastercharge accepted.

In a game played Sunday, the Franklin Pirates barely squeezed by the Panama Reds, 7-6. In another game the Reds out scored the Bryan Braves 15-10. The winning pitcher was Ralph Contreras. The Reds will meet the Temple Tigers at Colonial Field in Cameron Sunday at 2:00. The Cameron Cardinals game was canceled on account of the horse races at Fair Park. The Cards will travel to Bryan to meet the Lulacs, Sunday.

Showing the convenience afforded by a summer mini vacation trip on your motorcycle, rider starts to camp by the roadside.

An excellent way "to get away" for awhile this summer is to take a weekend mini vacation trip on your motorcycle.

But before you do, Kawasaki Motors Corp., U.S.A., out of its Santa Ana, Calif., headquarters, offers the following suggestions to make the best use of your time:

1. **Prepare yourself completely** before leaving. Get complete weather forecasts for the area in which you are traveling and thorough road maps from point of departure to destination. These are available from the Automobile Club of America and other travel services.

2. *Load your motorcycle properly.* For maximum comfort and economy while traveling, baggage should go as low and close to the center of the motorcycle as possible and *never* put belongings on the

front forks. Saddle bags, tank bags or a luggage rack all are good accessories that can make the carrying of baggage easier. Another tip: Obtain an aluminum case with padding for any camera equipment to protect it from weather.

3. *Take the proper clothing.* Along with a leather jacket, helmet and boots, considered necessary for comfortable and safe motorcycling, take a good rainsuit along on your mini vacation. Skier's underwear and gloves are also valuable, particularly if you are traveling in the mountains.

4. **Check out your motorcycle completely before leaving.** Make sure that your oil level is correct, brakes and gears are in shape and visit your local dealer if you have any questions.

A black and white photograph showing a vintage-style motorcycle lying on its side on a dirt or gravel surface. The motorcycle is positioned diagonally, with its front wheel on the left and its rear wheel on the right. The front wheel is significantly larger than the rear wheel. The motorcycle's frame, engine, and various mechanical components are visible. The rider is not present in the image. The background is a light-colored, textured ground surface.

THE UPS AND DOWNS of Moto-cross. This rider learns the hard way as he takes a tumble at Rockdale's Moto-cross park Sunday. Despite the fall, he was up and running before the dust cleared. The newly opened track hosts races every second and fourth Sunday of each month.

CARD OF THANKS

We want to express our thanks and appreciation to all those who sent cards, flowers and said prayers for our loved one, Morse Whiting during his illness and death. A special thanks to the Doctors Sisters, and Nurses of St. Edward Hospital and Scott and White Hospital, and Marek-Burns-Laywell Funeral. Everyone's kindness and love during this time of sorrow has greatly helped us.

Verla Whiting
Dianne Luxton
Joanne Brinnestool

We wish to thank friends and neighbors who expressed sympathy in any way at the loss of our son and brother, John Allen Dusek. We especially thank the ladies of Battered Baptist Church and friends at Gause Baptist Church. May God bless you all.

Mrs. Joe Dusek; Joe, Alfred, and Thomas Dusek,
Rosalie Glover and Evelyn Bailey

We wish to express our deep appreciation to all who sent cards, food and flowers, and otherwise expressed sympathy at the loss of our beloved husband and brother. Special appreciation to Rev. James Lafferty, Mrs. Maurina Corley, Green Funeral Home and the Cameron Volunteer Fire Department. Your kindness and thoughtfulness will always be remembered. God bless you all.

The family of
H. I. (Chick) Folschinsky

We wish to take this opportunity to thank each and every one, who sent flowers, cards and food, and for just being near in the recent bereavement of our mother's death. God Bless you.

The Family of
Mrs. Zettie Cummings

By Mrs. Edwin Gandy

It is so hot and dry here until the grass in the yards are burning up. We could sure use some rain.

Jimmy Hawk was installed as President at the Buckholts Lion Club by the district Governor for the Lions at a joint meeting in Cameron with the clubs of that city. The Club meets at Mama Evelyns Cafe in Buckholts on hhe 2nd and 4th. Thursday of the month. The current project is a community wide program in training for the emergency medical program given by advanced certificated medics. The area residents will be given an opportunity to participate.

The Buckholts Badger Booster Club will have a "Flea Market" sale on Saturday August 13th. At the High School. Anyone having donations are urged to leave the items at the Home Economics Building for the project.

The two cotton gins serving the community report that all equipment is set to operate and the first bale is expected later this week.

The Buckholts Volunteer Fire Department will have their regular monthly fire drill at 6:30 p.m. on August 1st. All members are invited to attend. Joe Biskup is Fire Chief and said that the department is reminding all residents of the danger of grass fires and to report them immediately.

Barnes Plumbing Company of Killeen has moved on to the job site to start work on the sewer line system. They started the construction work on Monday July 25th.

The Buckholts boys Pee Wee baseball team won first place in Rogers League. Their coach was Warren McCall and the asst. coaches were Phil Stephens and Ernestine Mairoka.

Johnny Marek a recent Buckholts High school graduate played in Texas Six Man All Star game in Lion Stadium in Brownwood on Saturday, July 23rd. Johnny played for the winning East Team.

R.B. Harrell of Lyons, Tx. and Gertie Svetlik was honored with a birthday party Saturday night at the Western Bar. Seventy five guests were present for the occasion.

Visiting on Wednesday with Mrs. Dealie Arnold were Mrs. Jewel Collier from Cameron their niece Mrs. Lois Dake of Waco and her daughter Carol and family from Colorado. The Doyal and Kenneth Arnold family.

Steve Zawadzee had surgery on his hip Thursday morning at Scott and White hospital in Temple. He is reported to be recovering fine.

Mrs. G.H. Beckhusen suffered a stroke at her home last week. She is now a patient at Scott and White Hospital in Temple.

Mr. Beckhusen is a patient in the Colonial Nursing Home in Cameron.

Mr. and Mrs. Nelson Peler and Mrs. Minnie Petury visited Sunday with Mrs. Petury's daughter Mr. and Mrs. Windly Kelly and children of Waco.

Visiting last week with Mr. and Mrs. R.L. Lock was their daughter and family Mr. and Mrs. Leonard Warren from Houston.

Mr. and Mrs. W.E. Beckhusen and sons have returned from their vacation to Florida and Plains, Georgia and other points of interest.

RULES FOR PLAYING GAMERAMA SERIES #66

1. Get a FREE Gamerama Master Card on request at the end of the checkout or at store office. Get one FREE Game Ticket every time you visit a participating Minimax store. No purchase necessary to participate. Adults only eligible to play.

2. On each Game Ticket there are four Gamerama Markers. To reveal the separate punched out portions and you will have four Markers. Each Marker corresponds to a square in one of the Games on your Master Game Card.

3. When you have revealed the Gamerama Markers, carefully place them in their appropriate squares on your Master Game Card. EXAMPLE: If one of your Game Markers is a 4-Club in the \$1000 Game, insert that marker in the square numbered 4-Clubs in the \$1000 Game. When you complete any row in a game, you may have a winner. In some games you will find squares marked FREE and it is unnecessary to collect a Marker to be placed in such FREE squares. FREE squares are not transferable. Only one winner per card.

4. When you have a winning card which has been verified by authorized personnel, you will, after furnishing your name and address, be awarded your prize. A Federal Trade Commission rule requires that the names and addresses of all winners be posted in all participating stores. When turning in your winning card all your Gamerama Markers which are not part of the winning row may be removed and transferred to a new card. Only one prize will be awarded per game on any one Master Game Card. All Gamerama Markers in a winning row must be initialed on the back by the customer in the presence of authorized personnel. Tax liability on prizes is the responsibility of the prize winners.

5. All game materials will be rejected and judged void if not obtained from and verified by authorized personnel or if any part of any of the game pieces are illegible, altered, mutilated, defaced, tampered with, forged, contains printing or other errors, or is irregular in any way. Game material void where taxed or prohibited by law.

6. Game will end upon distribution of all Game Tickets. All prizes must be claimed within five (5) days after announcement of termination or they are forfeited. Notwithstanding anything herein to the contrary, at such time as the verified claims for prizes in any category equals the number of prizes advertised for that category, then the game as it relates to that specific prize category shall immediately terminate without notice, and any unverified claims at or after that time shall be automatically rejected.

7. Game materials valid only for this game. All game Tickets, Gamerama Markers and Game Cards must have the same series number. EXAMPLE: If you have Master Game Card Series No. 66, all of your game pieces must have Series No. 66.

8. Employees (and their I.R.S. listed dependents) of Fleming Foods Company, participating Minimax stores, Denisco Associates, their advertising agency and any other companies engaged in the development and production of these game materials are not eligible to win.

9. Gamerama Marker void if it does not have on it:
(a) Series No. 66
(b) Value of Game
(c) Bingo symbol or card and suit symbol spelled out
(d) Bingo symbol or card and suit symbol
(e) Gamerama spelled out
(f) Safety Pattern background
GAMERAMA MARKER VOID IF ABOVE SIX (6) ITEMS ARE NOT CLEARLY VISIBLE.

10. Gamerama Series No. 66 Marker must conform in size, shape and detail to the example illustrated above, and must contain the six (6) items of authentication described in Rule No. 9.

(Previous series had 20 stores. The prizes have been proportionately adjusted so that your chances to win are the same or better than the previous series.)
